SUBJECT AND TITLE INDEX

Teaching and Learning in Medicine
Volume 18, 2006

Editor's note: This is an annual Subject and Author Index of all articles appearing in *Teaching and Learning in Medicine* for Volume 18, 2006. The Subject Index begins on page 364, and the Author Index begins on page 368.

We publish an annual subject and author index in the 4th issue of each volume. Refer to our website at: http://www.siumed.edu/tlm for a complete cumulative subject and author index. (Volume 1, 1989 through Volume 18, 2006).

All categories of our Subject/Title index are listed below. Categories for which there are no published articles entered for this Volume (in boldface italics), may be viewed on our website at http://www.siumed.edu/tlm

Following are the subjects used in the Subject/Title Index:

Admissions
Ambulatory care education
Area health education center
Assessment, physicians
Assessment, residents
Assessment, students
Biostatistics
Career choice and career patterns
Clinical education
Clinical reasoning skills/Cognitive skills
Cognitive Science
Combined degree programs
Community medicine (see also Public health)
Computer software
Computers in medical education
Computers in teaching and evaluation
Continuing medical education
Critical appraisal of the literature
Curricula, multiple sites
Curriculum
Curriculum change
Curriculum database
Curriculum design and evaluation
Emergency medicine
Evaluation, clinical
Evaluation methods
Faculty attitudes and values
Faculty characteristics and skills
Faculty development
Family medicine-family practice
Geriatrics
Graduate medical education
Internal medicine
Learning
Licensure
Medical education, broad issues
Medical education, international
Medical ethics
Medical humanities
Medical students' attitudes and values
Medical students, minority
Medical students' problems or disabilities
Medicolegal issues
Nutrition
Objective structured clinical examination, OSCE
Obstetrics/gynecology
Pathology
Patient education
Patient instructors
Pediatrics
Physical diagnosis courses
Preclinical science
Preventive medicine
Primary care
Problem-based learning
Psychiatry and psychosocial skills
Psychomotor skills
Public health (See also Community medicine)
Research methodology
Research skills
Resident teaching skills
Standardized patients
Student characteristics and skills
Student disabilities
Surgery
Teaching skills

Admissions

Comparison of Aboriginal and Nonaboriginal Applicants for Admissions on the Multiple Mini-Interview Using Aboriginal and Nonaboriaginal Interviewers (Moreau and Others) **2006**, 18:58–61

Examining the Influence of Using Same versus Different Questions on the Reliability of the Medical School Pre-Admission Interview (Kreiter and Others) **2006**, 18:4–8

Is Medicine Altruistic? A Query from the Medical School Admissions Office (Bardes) **2006**, 18:48–49

Perspectives, Mathematics Preparation for Medical School: Do All Premedical Students Need Calculus (Nusbaum) **2006**, 18:165–168

Ambulatory care education

A New Oral Health Elective for Medical Students at the University of Washington (Mouradian and Others) **2006**, 18:336–342

Comparison of Resident and Faculty Patient Satisfaction Surveys in a Pediatric Ambulatory Clinic (Monk and Others) **2006**, 18:343–347

Assessment, residents

Resident Selection Process and Prediction of Clinical Performance in an Obstetrics and Gynecology Program (Olawaiye and Others) **2006**, 18:310–315

Assessment, students

Career choice and career patterns

Book Review, *Career Development in Academic Medicine: Your Journey to Success, 2nd Edition* by Association of Professors of Gynecology and Obstetrics, (DaRosa) **2006**, 18:277–278

Student Treatment on Clerkships Based on Their Specialty Interests (Woolley and Others) **2006**, 18:237–243

Clinical education

A Model for Educational Feedback Based on Clinical Communication Skills Strategies: Beyond the "Feedback Sandwich" (Milan and Others) **2006**, 18:42–47

Opposite Gender Doctor-Patient Interactions in Iran (Tavakol and Others) **2006**, 18:320–325

A Simulated Couple Aging Across the Four Years of Medical School (Rull and Others) **2006**, 18:261–266

Barriers To Obesity Training For Pediatric Residents: A Qualitative Exploration Of Residency Director Perspectives (Goff and Others) **2006**, 18:348–355

Book Review *Guidebook For Clerkship Directors, 3rd Addition* by the Ace Alliance for Clinical Education (Woollinscroft) **2006**, 18:362

Development and Evaluation of an Interactive Multimedia Clinical Skills Teaching Program Designed for the Pediatric Clerkship (Frisby and Others) **2006**, 18:18–21

Evaluation of a Novel Animal Model for Teaching Intubation (Cummings and Getz) **2006**, 18:316–319

Improvement of Resident Perceptions of Nurse Practitioners after the Introduction of a Collaborative Care Model: A Benefit of Work Hour Reform? (Bellini and Shea) **2006**, 18:233–326

Intakes Conference: Understanding The Impact Of Resident Autonomy On A Morning Report Conference (Moreno and Shaffer) **2006**, 18:297–303

Medical Education and the ACGME Duty Hour Requirements: Assessing the Effects of a Day Float System on Educational Activities, (Roey) **2006**, 18:28–34

Safe Prescribing: An Educational Intervention For Medical Students (Garbutt and Others) **2006**, 18:244–250

Standardized Versus Real Hospitalized Patients to Teach History Taking and Physical Examination Skills (Gilliland and Others) **2006**, 18:188–195

Structured Practice Opportunities with a Mnemonic Affect Medical Student Interviewing Skills for Intimate Partner Violence, (Edwardsen and Others) **2006**, 18:62–68

Student Treatment on Clerkships Based on Their Specialty Interests (Woolley and Others) **2006**, 18:237–243

Teaching Clinical Skills through Videotape Review: A Randomized Trial of Group vs. Individual Reviews (Parish and Others) **2006**, 18:92–28

Teaching Residents Systems-Based Practice Through a Hospital Cost Reduction Program: A "Win-Win" Situation (Englander and Others) **2006**, 18:150–152

The Effectiveness of a First Year Clinical Preceptorship on the Data Collection and Communication Skills of Second Year Medical Students (Filipetto and Others) **2006**, 18:137–141

Use of Standardized Patients in Undergraduate Medical Genetics Education (McGovern and Others) **2006**, 18:203–207

Using Structured Debate to Teach a Controversial Topic: Mammography for Women in their 40's (Helenius and Others) **2006**, 18:292–296

What Do Faculty Observe of Medical Students' Clinical Performance? (Pulito and Others) **2006**, 18:99–104

Clinical reasoning/Cognitive skills

The Cognitive Validity of the Script Concordance Test: A Processing Time Study (Gagnon and Others) **2006**, 18:22–27

Cognitive Science

The Cognitive Validity of the Script Concordance Test: A Processing Time Study (Gagnon and Others) **2006**, 18:22–27

Computers in medical education

Development of an Evaluation of Medical Student Competence in Evidence-Based Medicine Using a Computer-Based OSCE Station (Frohna and Others) **2006**, 18:267–272

Web-Based Learning versus Standardized Patients for Teaching Clinical Diagnosis: A Randomized, Controlled, Crossover Trial (Turner and Others) **2006**, 18:208–214

Curriculum design and evaluation

Changing Morning Report: Evaluation of a Transition to an Interactive Mixed Learner Format in an Internal Medicine Residency Program (West and Others) **2006**, 18:330–335

Evaluation, clinical

Book Review, *Domestic Violence Screening and Intervention in Medical and Mental Healthcare Settings*, by L. Kevin Hamberger & Mary Beth Phelan (Hill) **2006**, 18:169–170

Evaluation, methods

An Experimental Comparison of Rater Performance on an SP-Based Clinical Skills Exam (Han and Others) **2006**, 18:304–309

Comparison of Aboriginal and Nonaboriginal Applicants for Admissions on the Multiple Mini-Interview Using Aboriginal and Nonaboriaginal Interviewers (Moreau and Others) **2006**, 18:58–61

Examining the Influence of Using Same Versus Different Questions on the Reliability of the Medical School Pre-Admission Interview (Kreiter and Others) 2006, 18:4–8

Faculty, Students and Actors As Standardized Patients: Expanding Opportunities for Performance Assessment (Mavis and Others) **2006**, 18:130–136

Procedures for Establishing Defensible Absolute Passing Scores on Performance Examinations in Health Professions Education (Downing and Others) **2006** 18:50–57

Teaching Clinical Skills through Videotape Review: A Randomized Trial of Group vs. Individual Reviews (Parish and Others) **2006**, 18:92–28

The Cognitive Validity of the Script Concordance Test: A Processing Time Study (Gagnon and Others) **2006**, 18:22–27

Faculty attitudes & values

Letter to the Editor: Pimping Perspectives: Response to Wear **2006**, 18:87

Student Treatment on Clerkships Based on Their Specialty Interests (Woolley and Others) **2006**, 18:237–243

Faculty characteristics and skills

Initial Testing of an Instrument to Measure Teacher Identity in Physicians (Starr and Others) **2006**, 18:117–125

Faculty development

Educational Development Program for Residency Program Directors and Coordinators (O'Sullivan and Others) **2006**, 18:142–149

Enhancing the Effectiveness of One-Minute Preceptor Faculty Development Workshops (Boewn and Others) **2006**, 18:35–41

Family medicine - family practice

Review of Medical Education Articles in Family Medicine Journals (Margo and Chumley) **2006**, 18:81–85

Using Families As Faculty In Teaching Medical Students Family-Centered Care: What Are Students Learning? (Johnson and Others) **2006**, 18:222–232

Internal medicine

Changing Morning Report: Evaluation of a Transition to an Interactive Mixed Learner Format in an Internal Medicine Residency Program (West and Others) **2006**, 18:330–335

Evaluation of Internal Medicine Residents as Exercise Role Models and Associations with Self-Reported Counseling Behavior, Confidence, and Perceived Success (Rogers and Others) **2006**, 18:215–221

Internal Medicine Clerkship Directors' Opinion Regarding Clinical Input in the Preclinical Years: The 2002 CDIM Basic Science Survey Results (O'Brien and Others) **2006**, 18:105–109

Review of Medical Education Articles in Internal Medicine Journals 2004–2005 (Ledford and Others) **2006**, 18:273–276

Medical education, broad issues

Academic Advancement of Authors Receiving Tutoring from a Medical Journal (Mauršic and Others) **2006**, 18:126–129

Book Review, *From Doctor to Healer: The Transformative Journey*, by Robbie Davis-Floyd, Ph.D. and Gloria St. John, MBA (Hull) **2006**, 18:279–280

Is Medicine Altruistic? A Query from the Medical School Admissions Office (Bardes) **2006**, 18:48–49

Perspectives, Mathematics Preparation for Medical School: Do All Premedical Students Need Calculus (Nusbaum) **2006**, 18:165–168

Medical education, international

Attitudes Toward The Physical Examination: A Comparison Of U.S. And Dominican Medical Students (Fagan and Others) **2006**, 18:287–291

Medical ethics

Is Medicine Altruistic? A Query from the Medical School Admissions Office (Bardes) **2006**, 18:48–49

Medical humanities

Is Medicine Altruistic? A Query from the Medical School Admissions Office (Bardes) **2006**, 18:48–49

Medical students' attitudes and values

Attitudes Toward The Physical Examination: A Comparison Of U.S. And Dominican Medical Students (Fagan and Others) **2006**, 18:287–291

Effect of a Global Longitudinal Pathway on Medical Students' Attitudes Toward the Medically Indigent (Godkin and Others) **2006**, 18:226–232

Medical students, minority

Comparison of Aboriginal and Nonaboriginal Applicants for Admissions on the Multiple Mini-Interview Using Aboriginal and Nonaboriaginal Interviewers (Moreau and Others) **2006**, 18:58–61

Objective structured clinical examinations, (OSCEs)

Comparing Rural-trained Medical Students with Their Peers: Performance in a Primary Care OSCE (Power and Others) **2006**, 18:196–202

Development of an Evaluation of Medical Student Competence in Evidence-Based Medicine Using a Computer-Based OSCE Station (Frohna and Others) **2006**, 18:267–272

Procedures for Establishing Defensible Absolute Passing Scores on Performance Examinations in Health Professions Education (Downing and Others) **2006**, 18:50–57

Obstetrics/gynecology

Resident Selection Process and Prediction of Clinical Performance in an Obstetrics and Gynecology Program (Olawaiye and Others) **2006**, 18:310–315

Pediatrics

Barriers To Obesity Training For Pediatric Residents: A Qualitative Exploration Of Residency Director Perspectives (Goff and Others) **2006**, 18:348–355

Comparison of Resident and Faculty Patient Satisfaction Surveys in a Pediatric Ambulatory Clinic (Monk and Others) **2006**, 18:343–347

Development and Evaluation of an Interactive Multimedia Clinical Skills Teaching Program Designed for the Pediatric Clerkship (Frisby and Others) **2006**, 18:18–21

Preclinical science

Internal Medicine Clerkship Directors' Opinion Regarding Clinical Input in the Preclinical Years: The 2002 CDIM Basic Science Survey Results (O'Brien and Others) **2006**, 18:105–109

Preclinical Preceptorships In Medical School: Can Curricular Objectives Be Met In Diverse Teaching Settings? (Ogrinc and Others) **2006**, 18:110–116

T- And B-Cell Ontogeny: An Alternative Teaching Method - T- And B-Cell Ontogeny Game (Girardi and Others) **2006**, 18:251–260

Primary care

Attitudes Toward The Physical Examination: A Comparison Of U.S. And Dominican Medical Students (Fagan and Others) **2006**, 18:287–291

Comparing Rural-trained Medical Students with Their Peers: Performance in a Primary Care OSCE (Power and Others) **2006**, 18:196–202

Public health/community medicine

Teaching Cultural Competency Through Narrative Medicine: Intersections of Classroom and Community (DasGupta and Others) **2006**, 18:14–17

Research methodology

ANCOVA, Selection Bias, Statistical Equating, and Effect Size: Recommendations for Publication (Colliver and Markwell) **2006**, 18:284–286.

Examining the Influence of Using Same versus Different Questions on the Reliability of the Medical School Pre-Admission Interview (Kreiter and Others) **2006**, 18:4–8

Resident teaching skills

Evaluation of Internal Medicine Residents as Exercise Role Models and Associations with Self-Reported Counseling Behavior, Confidence, and Perceived Success (Rogers and Others) **2006**, 18:215–221

Standardized patients

A Simulated Couple Aging Across the Four Years of Medical School (Rull and Others) **2006**, 18:261–266

An Experimental Comparison of Rater Performance on an SP-Based Clinical Skills Exam (Han and Others) **2006**, 18:304–309

Faculty, Students and Actors As Standardized Patients: Expanding Opportunities for Performance Assessment (Mavis and Others) **2006**, 18:130–136

Procedures for Establishing Defensible Absolute Passing Scores on Performance Examinations in Health Professions Education (Downing and Others) **2006** 18:50–57

Standardized Versus Real Hospitalized Patients to Teach History Taking and Physical Examination Skills (Gilliland and Others) **2006**, 18:188–195

Use of Standardized Patients in Undergraduate Medical Genetics Education (McGovern and Others) **2006**, 18:203–207

Web-Based Learning versus Standardized Patients for Teaching Clinical Diagnosis: A Randomized, Controlled, Crossover Trial (Turner and Others) **2006**, 18:208–214

Teaching skills

Letter to the Editor: Pimping Perspectives: Response to Wear **2006**, 18:87

Initial Testing of an Instrument to Measure Teacher Identity in Physicians (Starr and Others) **2006**, 18:117–125
